ROPELLA INDUSTRY EXPERTISE

In the early days of the automotive industry, it could take as long as a month and a half to properly coat a new car. As Henry Ford said at that time, customers could “have a car painted any color... so long as it is black.” Technological advances have brought the automotive coating industry far since then, with applications taking hours instead of days, paint that lasts a decade, and options in every color under the sun, including ‘chameleon’ paints that change color depending on the lighting angle.

Ropella’s mission is to build lasting relationships between High Potential A-Player Talent, Backable CEO’s, Board Members, SME’s and Transformational Leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders - because we all know - ***the Team with the Best Talent Wins*** Especially so, in fast growing organizations.
