## ROPELLA INDUSTRY EXPERTISE

Accounting for 70% of total worldwide pigment volume, titanium dioxide is in high demand for a broad range of applications, including food coloring, cosmetics, sunscreen, and paint. It is most commonly used in the personal care industry, valued for its bright, reflective white-color qualities. Scientific advances and new technology continue to drive this chemical's usefulness, including development as a semiconductor in electronic applications.

Ropella's mission is to build lasting relationships between High Potential A-Player Talent, Backable CEO's, Board Members, SME's and Transformational Leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders - because we all know - ***the Team with the Best Talent Wins*** Especially so, in fast growing organizations.
